# CAMP ON LOCATION

## Staff

Our Summer Staff Team of young adults is incredible. They bring a wide variety of gifts and experiences to create the community that is the heart of camp. Hiring includes strong references and background checks. Our team completes a two week training intensive with guest instructors, certifications, skill-building, and safety training.

## Faith

Our programming is rooted in the open and welcoming theology of the ELCA Lutheran Church. Many campers attend from different faith traditions or no tradition at all. All campers are welcome no matter their faith affiliation. Our staff are trained to facilitate open conversation.

## Facilities

We are excited to host Camp On Location at Rib Mountain State Park because of the outdoor adventure offerings as well as an indoor space in the Friends Gathering Space as needed with full bathroom access. While we aim to be primarily outdoors, the indoor option will allow us to keep programming running in the event of inclement weather.

## First Time Campers & Families

- Many of our On Location Campers are first-time campers or even first-time families. We expect you to have additional questions as you get to know us and our programming. We want to offer a few ways to get to know us prior to your camp experience.
  - Contact Us! Camp Directors, Ben & Robyn Koehler, are happy to answer any questions you may have regarding your child's time at camp. We look forward to getting to know you and making arrangements or accommodations with specifics for your camper. Oftentimes we've navigated this question before!
  - Contact a Reference! We would be happy to connect you with another family who has experience with our leadership and programming. We have families who are eager to share about their experience and would be happy to connect over the phone or email.
  - Follow Us! Social media can be a great way to preview the camp experience. Visit us on Facebook.com/pinelakecamp or on Instagram @pinelakecamp

## Programming

Camp days are busy in all the best ways! Mornings include high-energy worship, engaging and interactive Bible Studies, and a time of Team Building and Leadership Development. Afternoons kick off adventures ranging from traditional arts and crafts or field games, to some more unique activities like jumbo origami, frisbee curling, and egg drop challenge or learning to juggle. We prioritize opportunities for campers to have choice in their activities as well as opportunities to lead their peers. We will wrap up our days with a closing campfire to debrief our time together and end with high energy!

## Safety

Camp staff train and prepare for emergency procedures and follow safety standards and best practices laid out by the State of Wisconsin Health Department and the American Camp Association. For specifics regarding steps we take to ensure the safety of all, please contact us directly.
